

Electroclass values

At Electroclass, we are convinced that reliable information and optimizing your storage and logistics flow management are key to ensuring the success of your business. This is why we have been imagining reliable, secure bespoke logistics solutions for over 43 years now which ensure you reach your productivity targets and, at the same time, enhance your working conditions.

As a long-term partner, we are more than aware that human relationships and service quality are paramount to the success of our joint projects. With our 32 Electroclass technicians working across France, our day-to-day focus is on combining quality with swift action. In short, you're in good hands!

 Dominique ZORZETTO
General Manager

GIROPHARMA carousel storer

- Weight: up to 500 kg per shelf
- Effective storage: up to 180 m² / 30 m³
- Footprint: < 7 m²
- Height: up to 9 m

The TITAN carousel storer is particularly well-suited for storing and securing small items which require quick access.

JUMPER storage tower

- Weight: up to 500 kg per shelf
- Effective storage: up to 300 m² / 80 m³
- Footprint: < 13,7 m²
- Height: up to 11.5 m

The JUMPER tower is the perfect solution for automating the storage of heavy, heterogeneous-volume components. This tower can handle an effective load of 60 tons.

MOBICLASS mobile shelving

- Weight : up to 250 kg per shelves
- Effective storage : according to your needs
- Footprint : according to your needs
- Height : up to 7 m

The MOBICLASS is a high-density filing system created with static racking mounted on a mobile module sliding on rails. Archived equipment may be easily and rapidly viewed as only one corridor opens at once.

SPS PHARMA

Real-time secure and analyse your consumption data!
