Overall depth (mm)	1.180	1.560	1.725	1.596	1.830
Lookup table depth (mm)	300	300	300	300	400
Effective shelf depth (mm)	From 340 to 400	From 520 to 620	From 520 to 620	From 420 to 520	From 520 to 620
Overall width (mm)	Useful + 400	Useful + 400	Useful + 610	Useful + 758	Useful + 860
Effective width (mm)	From 1820 to 2880	From 1820 to 2880	From 1950 to 2950	From 2480 to 2900	From 1400 to 3500
Max. load per shelf (kg)	150	150	250	300	500

## G-STOCK WMS software

G-STOCK, published by TEMREX, is best-in-class WMS for managing your storers in a demand-responsive way as well as:

- > managing stock and spaces
- > managing items, packaging types, etc.
- > tracking all movements
- > managing batches, expiry dates, serial numbers, secure access, WiFi, etc.

## A 100% TEMREX service team

- > A national service network and a wide availability of parts to ensure a quick response time
- > A hotline for remote diagnosis and problem solving in many cases
- > Maintenance contracts adapted to ensure maximum availability

### Managing heavy products

To make handling heavy products easier, TITAN storers can integrate dedicated features such as molded containers, rollers and trolleys on multidirectional rollers.
