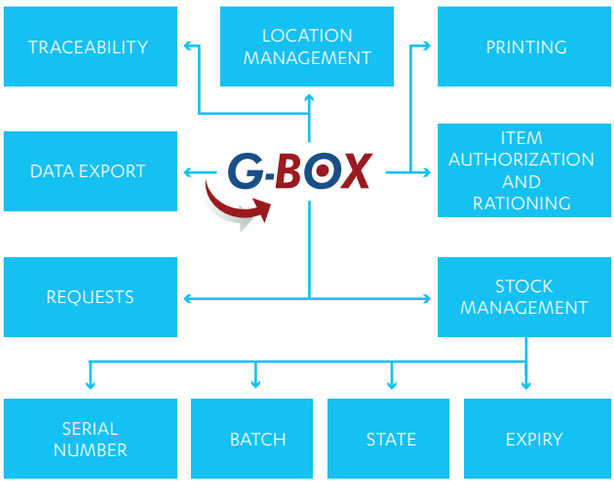
FUNCTIONAL DIAGRAM



SECURING

G-Box software adapts to the European standards in force and controls and secures distribution of items while reducing risk of civil accidents.

PROFITABILITY

Depending on the client's distribution method, decreased consumption of references can range from 10 to 50%:

› Cutting tools on average from 15 to 20%
› PPE from 25 to 50%

In addition to reduced consumption, the G-Box software has other advantages:

› Automatic sending of purchase requisitions
› Time saving for purchasing / storekeepers / users
› Identification of cost centres
